**GOVERNOR DAVID A. PATERSON PARTNERS WITH NEW YORK IMMIGRATION FUND**

New York Immigration Fund, a USCIS-approved EB-5 Regional Center, is proud to announce its partnership with New York Governor David A. Paterson.

Paterson served as New York's 55th Governor from 2008 until 2010. During his term, he successfully pushed a balanced state budget through a divided State Legislature and made judicious investments in infrastructure and business growth.

His fiscal discipline cut \$42 billion from the state deficit - more than any of his predecessors - and rescued New York from making the drastic step taken by other states of issuing additional debt. In addition, the Governor's economic development initiatives helped New York retain and attract top companies such as Canon, IBM, Yahoo, and others, which are directly participating in job creation and investing billions of dollars in the state. In total, the Paterson administration committed \$232 million in public investments, supporting projects that will create more than 10,000 new jobs and retain more than 19,000 jobs in New York State. Outside of the business and political arenas, Governor Paterson is nationally recognized as a leading advocate for the visually and physically impaired.

In promoting his long-standing agenda of expanding and improving economic development in New York, Governor Paterson recognizes the important role investment plays in times of economic recovery, which explains why he has chosen to partner with a company that is projected to create thousands of jobs for New Yorkers.

New York Immigration Fund warmly welcomes our newest partner and anticipates a long, prosperous and mutually beneficial relationship.
